

Birla Open Minds Preschool Newsletter

Dear Parent

Warm Greetings!

“It’s easy to be motivated when everything is going well .The goal is to stay disciplined when things get tough.”

Welcome to all our parentsto the first newsletter of the New Academic Session 2022-23. The exciting “Back to School” journey began on 13th June 2022. Last two years were no doubt tough but because we were disciplined we could ride over the period in a smooth manner and in the process acquired many new skills.

This year is again exciting and challenging as the transition is not just from home to school, but from two years of online to the actual physical schooling for many of our K1 and K2 children. For them and even for the new children whohave joined us, resetting of their body clock, adapting to the new environment and making new friends has been quite an experience, but went smooth with your cooperation, perseverance and trust in the school. The whole campus has been vibrating with giggles, joy, smiles & cries of the children and there is energetic energy in the air!

Physical schooling it’s worth it!!

June, a month of special days and celebration. It started with gala opening of school, pairing with their first hero - “Dad” for “Father’s day” celebration, then to painting the school red for “Red colour day”, moving on to keeping them fit with yoga for “International Yoga Day”, singing and exploring various musical instruments for “World Music Day”and finally getting hands dirty with mud for “International Mud Day” celebrations. All these besides their daily fun activities scheduled by their teachers. The students of Birla Open Minds Preschool, Nallagandla enjoyed every moment of their day at school, eagerly awaiting for what the school holds for themon the next day.

Regards

Tips to Raise an Empathetic Child

- Treat your child with respect.
- Model Empathetic behaviour.
- Encourage sharing.
- Guide your child to recognize other's feeling.
- Guide your child on how to treat others.
- Encourage your child to help others.
- Encourage team efforts and avoid competition.
- Help the child develop morality or self-regulation skills.
- If someone is rude to you or your child, teach them how to respond not react.
- Recognize and encourage the acts of kindness of your child.
- Read stories about being empathic.
- Share your experiences.
- Pretend play with your child on situations which require empathy.
- Create situations where your child can be empathetic like donating or helping underprivileged people.
- Be empathetic with your child. Your child is still learning...
